

Thursday, July 14th 2022

7:00-8:00	Hands On Registration- Victoria Trade and Convention Level 1 Lobby												
7:00-8:00	Breakfast in Exhibit area with Vendors												
7:00-8:00	Vendor Exhibits Area Open												
8:00-8:05	Miscellaneous Comments and Announcements- Kevin Harms; Chairman; Fortis - Victoria Trade and Convention Center Lecture Theatre												
8:05-9:15	Keynote Speaker: Jeremiah Brown is an Olympic silver medallist, world record breaker, bestselling author, former athlete wellness and transition leader at the Canadian Olympic Committee, and a keynote speaker on a mission to inspire people to re-think what is possible for themselves and their organizations in just four years.												
9:15-10:00	Vendor Exhibit Area Open												
Workshops	Measurement	Measurement	Regulation	Regulation	Gas Quality / Odorization	BP/GI	Hands On (15 student limit)					Roundtable	
Room	Oakbay 1	Oakbay 2	Saanich 1	Saanich 2	West Coast	Victoria	Sidney	Metchosin	Langford	Colwood 1	Colwood 2	View Royal	Esquimalt
10:00-10:50	Introduction to Gas Metering Bob Bennett	Residential Ultrasonic Metering Paul Honchar	Introduction to Over Pressure Protection Chanda Cross	Monitor Strategies and Implementation Sam Hegje	Gas Odorants: Safe Handling, Health and Environmental Concerns John Washer	Valve Maintenance; Best Practices Mike Legittino	Dresser Rotary Meter Repair Paul McCleary	Dresser ES3 / ETC Electronic Temperature Corrector Madeline Corb	Welker Ecosystem Pulse Bypass Odorizer Stephen Sams	Emerson Fischer Regulators John Anderson, Paul Anderson, Ken Goodwin	Emerson Daniel Ultrasonic Meter Setup and Repair Martin Schleichach	Becker Control Valve VRP Pilot Russ Montano	Over-Pressure Protection & Slam-Shut Regulator Strategies Matt Davidson
11:00-11:50		Combined Accuracy Rex Allen	Advanced OPP Methods Arthur Bezdjian		Hydrogen Blending Isaac Droessler	RNG Gas Quality May Lew	Dresser DP Testing of Rotary Meters Paul McCleary	Dresser D1000 / 10C25 Madeline Corb	Itron B42 Regulator Robbie Swigert				AMR / AMI Selection, Deployment and Operations Angela Sandrin
12:00-1:00	Lunch, Vendor Exhibit Area Open - Carson Hall, Victoria Trade and Convention Center												
1:10-2:00	Differential Pressure Testing of Rotary Meters Madeline Corb	Advanced Regulator and Industrial Meter Station Design Lamar May	Troubleshooting Regulators Paul Anderson		Odorant Transfer Systems and Deliveries Juraj Strmen	System Pressure Monitoring John Swartz	Dresser Model 6 Prover Paul McCleary	YZ Odorant Pump Steve Sillman	Combustible Gas Indicators Patrick Jacobs	Eagle Research Volume Corrector Tushar Shah	Emerson Daniel GC Don Ford	Mooney FlowGrid Howard Lyon	Automatic and Remote Control Valves, Applications and Considerations for System Isolation Rehan Shehab
2:10-3:00	Selection and Usage Of Coriolis Meters for Gas Measurement Marc Buttler				Odorization Equipment Decommissioning Wes Lucas	Line Heater Technologies; How to gain efficiencies Al Gramlick		YZ DTEX Odorant Detection Steve Sillman	Romet Rotary Meter Dean Lightfoot	Sick 500 Ultrasonic Meter Setup Craig Lam	Pietro Fiorentini Reflux Carlos Uribe	BPE Control Valves Jim Green	RNG and Gas Analyzers Colin Duke
3:00-3:30	Break- Refreshments- Exhibit Area Open												
3:30-4:20	Introduction to Basic Gas Laws Bob Bennett	Fundamentals of Flow Computers Tushar Shah	Flexible Element Regulators Reese Dawes	Regulator Freeze Protection Austin Sorenson	Pipeline Pickling Dan McCormack	Latest in H2 Blending Eric DiMarco	Dresser IMCW2 Electronic Volume Corrector Madeline Corb		Sensus Turbine Meter Repair Paul Honchar	Sick 600 Ultrasonic Meter Setup Craig Lam		Mooney FlowGrid Howard Lyon	Wireless Communications and Data Collections Joel Lindsay
4:30-6:00	Vendor Exhibit Area- Happy Hour; Refreshments - Carson Hall, Victoria Trade and Convention Center												
6:00-8:00	Optional Vendor Exhibit Tear Down												
6:00-10:00	Vendor Night - Crystal Garden
