

Thursday, July 14th 2022

7:00-8:00	Hands On Registration- Victoria Trade and Convention Level 1 Lobby												
7:00-8:00	Breakfast in Exhibit Area with Vendors, Carson Hall												
7:00-8:00	Vendor Exhibits Area Open, Carson Hall												
8:00-8:05	Miscellaneous Comments and Announcements- Kevin Harms; Chairman; FortisBC Energy Inc.- Victoria Trade and Convention Center Lecture Theatre												
8:05-9:15	Keynote Speaker: Jeremiah Brown is an Olympic silver medallist, world record breaker, bestselling author, former athlete wellness and transition leader at the Canadian Olympic Committee, and a keynote speaker on a mission to inspire people to re-think what is possible for themselves and their organizations in just four years.												
9:15-10:00	Vendor Exhibit Area Open, Carson Hall												
Workshops	Measurement	Measurement	Regulation	Regulation	Gas Quality / Odorization	BP/GI	Hands On (15 student limit)						Roundtable
Room	Oakbay 1	Oakbay 2	Esquimalt	Saanich 2	Lecture Theatre	West Coast	Sidney	Metchosin	Langford	Colwood 1	Colwood 2	View Royal	Saanich 1
10:00-10:50	Introduction to Gas Metering Bob Bennett	Residential Ultrasonic Metering Paul Honchar	Introduction to Over Pressure Protection Chanda Cross		Gas Odorants: Safe Handling, Health and Environmental Concerns John Washer	System Pressure Monitoring John Swartz	Dresser Rotary Meter Repair Paul McCleary	Dresser ES3 / ETC Electronic Temperature Corrector Madeline Corb	Emerson Fisher Regulators John Anderson, Paul Anderson, Ken Goodwin	Itron B42 Regulator Scott Henrich	Honeywell Mercury EC350 Installation and Repair Andy Kleintank	Mooney FlowGrid Ken Mears & Neil Hodnett	Over-Pressure Protection & Slam-Shut Regulator Strategies Matt Davidson
11:00-11:50		Combined Accuracy Rex Allen	Advanced OPP Methods Arthur Bezdjian		Hydrogen Blending Isaac Droessler	RNG Gas Quality May Lew	Dresser DP Testing of Rotary Meters Paul McCleary	Dresser D1000 / 10C25 Madeline Corb		Welker Ecosystem Pulse Bypass Odorizer Stephen Sams	Honeywell Mercury EC350 Installation and Repair Andy Kleintank		AMR / AMI Selection, Deployment and Operations Maz Bijan
12:00-1:00	Lunch, Vendor Exhibit Area Open - Carson Hall, Victoria Trade and Convention Center												
1:10-2:00	Differential Pressure Testing of Rotary Meters Madeline Corb	Advanced Regulator and Industrial Meter Station Design Lamar May	Troubleshooting Regulators Paul Anderson		Odorant Transfer Systems and Deliveries Juraj Strmen	Valve Maintenance Best Practices Mike Legittino	Dresser Model 6 Prover Paul McCleary	YZ Odorant Pump Steve Sillman	Combustible Gas Indicators Patrick Jacobs	Eagle Research Volume Corrector Tushar Shah	Emerson Daniel GC Don Ford	Mooney FlowGrid Ken Mears & Neil Hodnett	Automatic and Remote Control Valves, Applications and Considerations for System Isolation Rehan Shahab
2:10-3:00	Selection and Usage Of Coriolis Meters for Gas Measurement Marc Buttler				Odorization Equipment Decommissioning Wes Lucas	Line Heater Technologies; How to gain efficiencies Al Gramlick		YZ N300 Controller Steve Sillman	Romet Rotary Meter Dean Lightfoot	Honeywell Elster American Regulator Repair Bob Bennett	Pietro Fiorentini Reflux Carlos Uribe		RNG and Gas Analyzers Colin Duke
3:00-3:30	Break- Refreshments- Exhibit Area Open, Carson Hall												
3:30-4:20	Introduction to Basic Gas Laws Bob Bennett	Fundamentals of Flow Computers Tushar Shah	Flexible Element Regulators Reese Dawes	Regulator Freeze Protection Austin Sorenson	Pipeline Pickling Dan McCormack	Latest in H2 Blending Eric DiMarco	Dresser IMCW2 Electronic Volume Corrector Madeline Corb		Sensus Turbine Meter Repair Paul Honchar	Sick 500 Ultrasonic Meter Setup Craig Lam	Emerson ROC 800 Tony Estevez		Wireless Communications and Data Collections Joel Lindsay
4:30-6:00	Vendor Exhibit Area- Happy Hour; Refreshments - Carson Hall, Victoria Trade and Convention Center												
6:00-8:00	Optional Vendor Exhibit Tear Down												
6:00-10:00	Vendor Night - Crystal Garden
